### NOTICE OF PARTICIPATION - PHARMACY OR OTHER HEALTH CARE FACILITY

A pharmacy or other eligible health facility may participate in the drug repository program by agreeing to accept, store, and dispense donated drugs and medical supplies. Participants must agree to comply with all applicable federal and state laws, rules, and regulations pertaining to the drug repository program, drug storage, and dispensing. The facility must also agree to maintain in good standing any required state license or registration that may apply to the facility. Participation is voluntary - a participant can agree to participate or to withdraw from the program at any time by submitting this form to the Central Repository. A facility must not act as a local repository until it receives approval from the Central Repository.
